

# NORDEN Crowning Grader

## Loosen Material

## Grade with Blade

## Enjoy a better surface

The Crowning Grader is designed for easy operation, thanks to the skid shoes on each side, making it easy to ride on the ground. The adjustable blade allows you to make precise adjustments, ensuring a smooth and durable surface. Whether you're a professional contractor or a homeowner looking to improve your driveway, the Crowning Grader from Norden Mfg is the perfect solution for achieving professional results with ease.

**NORDEN**

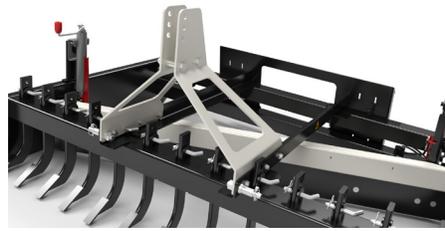

# Crowning Grader

## Adjustable Cutting Depth and Crowning Height

- Hydraulic cylinder for adjusting left and side (crowning height).
- The range on this side is -1.5" and +4.5" in reference to the bottom of the skid bars.
- For the right-hand (cutting) side, the jack is capable of adjusting the blade -2" and +1" in reference to the bottom of the skid bars.

## Optional 3 Point Hitch

- Every model comes with a mounted skid steer bracket.
- The optional 3-Point Hitch increases the versatility of the Crowning Grader by adding the ability to use it with your tractor.

## Adjustable Ripper Shanks

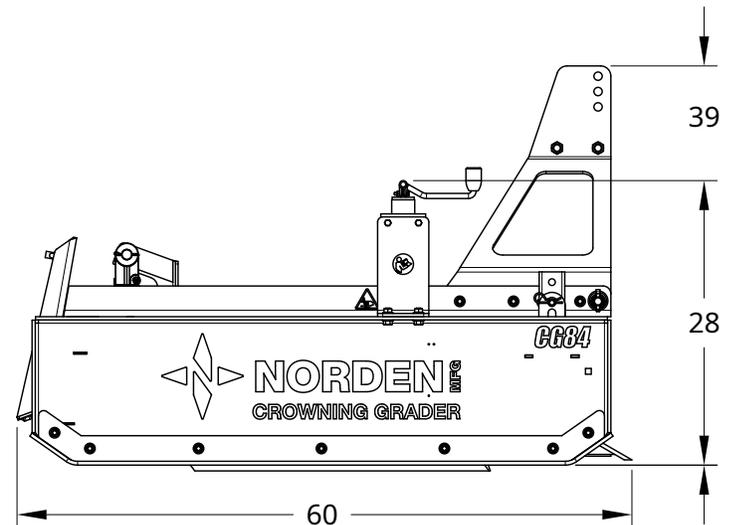

- Use the ripper shanks to eliminate potholes before grading.
- All shanks have adjustable height.
- It comes with 12" standard on center with hardened shanks every 6" apart.
